

Osaka 2026-06-22

9:30- Meeting with Osaka Prefecture, Kadoma City and Moriguchi City

Goal

Ask for letter from Osaka that acknowledges MIT City Science will be supervising for the creation of the 2026 Draft Sketch proposal for Osaka Kadomachi area.

Ask

- 15min presentation (City Science Network + Kendal, Innovation) Kent or Luis??
- Emphasis on Industrial Innovation District needs an university anchor, Osaka University and we can potentially build a 'City Science Osaka'
- "Yasushi have been working for this cooperation, but we need some formal request to go forward"

13:00 - 15:00 Workshop with Panasonic

There will be multiple stakeholders inside and **outside** Panasonic. (Takenaka, Dentsu etc)

Goal

Good feeling we have material to write first draft of FRP

Ask

- 30min City Science Intro (Kent or Luis)

15:30- Meeting with Panasonic

Goal

Mutual understanding City Science will be drafting our FRP proposal. Next meeting point will be in late August - September and CS will have a draft ready. We ask for cooperation on feedback and iteration until October.

18:00 Dinner with Panasonic Holdings Ogawa CTO

Familiarize CTO's future vision
